Jordans Ace Hardware Completes Major Renovation

Jordan's Ace Hardware in Union just finished a major renovation, and we're excited to show you the new and improved store! A staple in the community since 1931, our store at 489 Buffalo-West Springs Highway has been completely updated to make your shopping experience better than ever, with a ton of new products to explore.

"The new floor plan gives us so much more room," says Kyle Cox, the store manager. "We can finally show off our expanded lines of Stihl, EGO, and other outdoor power equipment and tools."

The grilling and backyard living department has gotten a lot bigger, too, with a larger selection of grill brands and models you can check out in person. We're especially excited to have added RecTeq smoker grills to our lineup!

If you're working in the yard, you'll find more lawn and garden supplies than ever before. We're fully stocked with garden soil, fertilizers, and weed & feed from trusted brands like Scotts and Spectracide, and we're now carrying the new Spruce line of organic products.

For all the new homeowners over in the Buffalo Creek subdivision, we've got everything you need to add those finishing touches. Whether you're looking for storage solutions to get organized or the right fasteners to hang shelves and curtain rods, our helpful team is always here to point you in the right direction.

Follow us on Facebook to stay up-to-date on all our in-store events and specials: www.facebook.com/p/Jordans-Ace-Hardware

Be sure to mark your calendars for these events coming up in June:

- Hometown Days Father's Day Sale (June 19-21): Enjoy 20% off almost everything store-wide!
- Weber "We Pay the Tax" Promo (June 26-28): Need a new Weber grill? Now's the time to get one, and we'll pick up the tax!

Jordan's Ace was recently acquired by The Helpful Hardware Company, a group that's passionate about keeping hometown hardware stores thriving. Their focus is on investing in local stores to make sure they can continue serving their communities for years to come. As part of the Ace Hardware cooperative, we can offer the best national brands in paint, power tools, grilling, and home improvement, all while maintaining the friendly, local feel you count on.
